INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and
Members of the Board of Commissioners
Borough of Wildwood Crest
County of Cape May, New Jersey

We have audited the accompanying balance sheets – statutory basis of the various funds and account groups of the Borough of Wildwood Crest, State of New Jersey (the "Borough"), as of December 31, 2010 and 2009 and the related statements of operations and changes in fund balance – statutory basis for the years then ended and the related statement of revenues – statutory basis and statement of expenditures – statutory basis for the year ended December 31, 2010, as listed in the accompanying table of contents. These financial statements – statutory basis are the responsibility of the Borough's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 1, the Borough, prepares its financial statements on a basis of accounting prescribed by the Division that demonstrates compliance with a modified accrual basis, with certain exceptions, and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between these statutory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

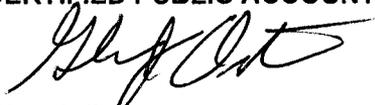

In our opinion, because of the Borough's policy to prepare its financial statements on the prescribed basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the various funds and account groups of the Borough, as of December 31, 2010 and 2009 and the results of operations and changes in fund balance of such funds for the years then ended, and the statement of revenues and statement of expenditures of the various funds for the year ended December 31, 2010.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Borough, as of December 31, 2010 and 2009 and the results of operations and changes in fund balances of such funds for the years then ended and the statement of revenues and statement of expenditures of the various funds for the year ended December 31, 2010 on the basis of accounting described in Note 1.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 30, 2011 on our consideration of the Borough's internal control structure over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying schedule of state awards is presented for the purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and New Jersey OMB's Circular 04-04, *Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid*, and are not a required part of the financial statements of the Borough. The supplemental schedules and the schedule of expenditures of state financial assistance as listed in the table of contents have been subjected to the auditing procedures applied to the audit of the financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the financial statements taken as a whole.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements – statutory basis of the Borough of Wildwood Crest have been prepared in conformity with an “Other Comprehensive Basis of Accounting” (OCBOA), as established by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. This basis of accounting differs from Accounting Principles Generally Accepted in the United States of America (GAAP). The more significant of the Borough’s accounting policies are described below.

Description of Financial Reporting Entity

The Borough of Wildwood Crest is a shore community located at the southern tip of the State of New Jersey in the County of Cape May. The population according to the 2000 census is 3,980.

The Borough of Wildwood Crest is incorporated and operates under the Borough Commission form of government. The mayor is elected by the commissioners.

Component Units

The financial statements of the component units of the Borough of Wildwood Crest are not presented in accordance with Governmental Accounting Standards Board Statement (GASB) No. 14. If the provisions of GASB 14 had been complied with, the other entity’s financial statements would have to be either blended or discretely presented with the financial statements – statutory basis of the Borough of Wildwood Crest, the primary government.

Basis of Presentation, Fund Accounting

The financial statements – statutory basis of the Borough of Wildwood Crest contain all funds and account groups in accordance with the “Requirements of Audit” as promulgated by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Wildwood Crest accounts for its financial transactions through the following separate funds, which differ from the funds required by GAAP.

Current Fund

The Current Fund is used to account for resources and expenditures for governmental operations of a general nature, including Federal and State Grant Funds.

Trust Funds

The various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each fund was created.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

General Capital Funds

The General Capital Fund is used to account for the receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

Budgets and Budgetary Accounting

The Borough of Wildwood Crest must adopt an annual budget in accordance with N.J.S.A. 40A:4 et al. State statutes require the governing body to introduce and approve the annual municipal budget no later than February 10th of each year. At introduction, the governing body shall fix the time and place for a public hearing on the budget and must advertise the time and place at least ten days prior to the hearing in a newspaper published and circulating in the municipality. The public hearing must not be held less than twenty-eight days after the date of introduction. After the hearing has been held, the governing body may, by majority vote, adopt the budget or may amend the budget in accordance with N.J.S.A. 40A:4-9.

An extension of the statutory due dates for introduction, approval and adoption of the municipal budget may be granted by the Director of the Division of Local Government Services.

Budgets are adopted on the same basis of accounting utilized for the preparation of the Borough's financial statements – statutory basis.

Cash and Investments

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank approved by the State Department of Banking and Insurance, and organized under laws of the United States or the State of New Jersey or the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of securities which may be purchased by New Jersey municipal units.

The cash management plan adopted by the Borough of Wildwood Crest requires it to deposit funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-42 requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

Public funds are defined as the funds of any governmental unit. Public depositories include banks (both state and federal), savings and loan institutions and savings banks, the deposits of which are federally insured. All public depositories pledge collateral, having a market value of five percent of the average daily balance of collected public funds, to secure the deposits of governmental units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories in the collateral pool, is available to pay the full amount of their deposits to the governmental units.

Generally, the Borough considers all investments that mature in one year or less to be cash equivalents.

All certificates of deposit are recorded as cash regardless of date of maturity.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Interfunds

Interfund receivables and payables that arise from transactions between funds are recorded by all funds affected by such transactions in the period in which the transaction is executed. Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to Fund Balance. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies

The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets.

General Fixed Assets

Property and Equipment purchased by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized.

Accounting for Governmental Fixed Assets, as promulgated by Technical Accounting Directive No. 2 as issued by the Division of Local Government Services, differs in certain respects from GAAP. The following is a brief description of the provisions of the Directive. Fixed Assets used in governmental operations ("general fixed assets") are accounted for in the General Fixed Assets Account Group. Public Domain ("Infrastructure") fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems, are not capitalized.

All fixed assets are valued at historical cost, or estimated historical cost if actual historical cost is not available.

Depreciation on general fixed assets is not recorded in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants-in-aid or contributed capital, have not been accounted for separately.

Utility Fixed Assets

Property and equipment purchased by a utility fund are recorded in the utility capital fund at cost and are adjusted for disposition or abandonment. The amounts shown do not represent replacement cost or current value. Contributions in aid of construction are not capitalized. The Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the cost of acquisition of property, equipment and improvements. GAAP does not require the establishment of a Reserve for Amortization of Fixed Capital, but GAAP does require the recognition of depreciation of property by the utility fund. The Borough does not operate a separate utility.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Foreclosed Property

Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. Ordinarily it is the intention of the municipality to resell foreclosed property in order to recover all or a portion of the delinquent taxes or assessments by returning the property to a taxpaying basis. For this reason the value of foreclosed property has not been included in the General Fixed Assets Account Group. If such property is converted to municipal use, it will be capitalized in the General Fixed Assets Account Group. GAAP requires property to be recorded in the General Fixed Assets Account Group at the market value at the time of acquisition.

Deferred Charges

The recognition of certain expenditures is deferred to future periods. These expenditures, or Deferred Charges, are generally overexpenditures of legally adopted budget appropriations made in accordance with N.J.S.A. 40A:4-46 et al. Deferred charges are subsequently raised as items of appropriation in budgets of succeeding years.

Appropriation Reserves

Appropriation Reserves covering unexpended appropriation balance are automatically created at year end and recorded as liabilities, except for amounts which may be canceled by the governing body. Appropriation Reserves are available, until lapsed at the close of the succeeding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriation Reserves are not established under GAAP.

Liens Sold for Other Governmental Units

Liens sold on behalf of other governmental units are not recorded on the records of the tax collector until such liens are collected. Upon their collection, such liens are recorded as a liability due to the other governmental unit net of costs of the sale. The related costs of sale are recognized as revenue when received.

Fund Balance

Fund Balances included in the Current Fund and Utility Operating Funds represent amounts available for anticipation as revenue in future years' budgets, with certain restrictions.

Revenues

Revenues are recorded as received in cash except for certain amounts that are due from other governmental units. Revenue from federal and state grants is realized as revenue when anticipated as such in the Borough's budget. Other amounts that are due the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP generally requires that grant revenue be recognized when actual expenditures financed by the grant are made.

Property Tax Revenues

Property tax revenues are collected in quarterly installments due February 1st, May 1st, August 1st, and November 1st. Property taxes unpaid on April 1, of the year following their final due date are subject to tax sale in accordance with statutes. The amount of tax levied includes not only the amount required in support of the Borough's annual budget, but also the amounts required in support of the entities that follow. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the Borough's Current Fund; accordingly, such amounts are not recorded as revenue until collected. GAAP requires such revenues to be recognized when they are available and measurable reduced by an allowance for doubtful accounts.

School Taxes

The Borough is responsible for levying, collecting and remitting school taxes for the Borough of Wildwood Crest School District. Operations is charged for the full amount required to be raised from taxation to operate the local school district for the period from July 1 to June 30, increased by the amount deferred at December 31, 2009, and decreased by the amount deferred at December 31, 2010. GAAP would require the recording of deferred revenue. Following is a breakdown as of December 31 for the last two years:

		<u>Dec. 31, 2010</u>		<u>Dec. 31, 2009</u>
School Tax Payable	\$	1,649,612.40	\$	1,244,352.90
School Tax Deferred		<u>1,350,000.00</u>		<u>1,675,000.00</u>
	\$	<u><u>2,999,612.40</u></u>	\$	<u><u>2,919,352.90</u></u>

County Taxes

The Borough is responsible for levying, collecting and remitting county taxes for the County of Cape May. Fund balance is charged for the amount due the County for the year, based upon the ratables required to be certified to the County Board of Taxation by January 10th of the current year. In addition, fund balance is charged for the County share of added and omitted taxes certified to the County Board of Taxation by October 10th of the current year and due to be paid to the County by February 15th of the following year.

Reserve for Uncollected Taxes

The inclusion of the "Reserve for Uncollected Taxes" appropriation in the Borough's annual budget protects the Borough from taxes not paid currently. The minimum amount of the reserve, determined by the percentage of collections experienced in the preceding year, is required to provide assurance that cash collected in the current year will provide sufficient cash flow to meet expected obligations. A reserve for uncollected taxes is not established under GAAP.

Expenditures

Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order, in conjunction with the encumbrance system. Outstanding encumbrances at December 31st are recorded as a cash liability. Appropriations for principal payments on outstanding General Capital, and Utility Capital Fund bonds and notes are provided on the cash basis; interest on General Capital Fund indebtedness is on the cash basis, whereas interest on Utility Fund indebtedness is on the accrual basis. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due.

Compensated Absences and Post – Employment Benefits

Compensated absences for vacation, sick leave and other compensated absences are recorded and provided for in the annual budget in the year in which they are paid, on a "pay as you go" basis. Starting in 2003, the Borough has reserved, by charges to operations, a portion of the monetary value of unused sick leave and vacation. No accrual is made for post employment benefits, if any, which are also funded on a "pay as you go" basis. GAAP requires that the amount that would normally be liquidated with expendable financial resources be recorded as expenditures in the operating fund, and the remaining obligations be recorded as long – term obligations.

NOTE 3: COMPENSATED ABSENCES

The Borough permits eligible employees to accrue unused vacation and personal time for up to one year after the time has been earned. Unused accrued vacation and personal time expires at the end of the two-year period.

The Borough also permits employees to accrue earned and unused sick time, which may be taken as time off or paid at the rate of pay applicable at time of termination. A portion of the monetary value of unused sick leave and vacation has been reserved on the balance sheet by charges to operations. This liability may be affected by conditions, which could preclude an employee from receiving full payment of the accrual. The reserve for accumulated absences in the Trust Fund at December 31, 2010 is \$164,786.01. The total liability of accrued sick leave and vacation for all eligible employees at December 31, 2010 is \$492,263.45.

Plan Descriptions

Public Employees' Retirement System - The Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan which was established on January 1, 1955. The PERS provides retirement, death, and disability, and medical benefits to qualified members. Vesting and benefit provisions are established by N.J.S.A. 43:15A and 43:3B.

The contribution requirements of plan members are determined by State statute. In accordance with Chapter 62, P.L. 1994, plan members enrolled in the PERS are required to contribute 5% of their annual covered salary. Effective July 1, 2007, however, in accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members were required to contribute 5.5% of their annual covered salary. For employees who were enrolled in the retirement system prior to July 1, 2007, the increase was effective with the payroll period that began immediately after July 1, 2007. The State Treasurer has the right under current law to make temporary reductions in member rates based on the existence of surplus pension assets in the retirement system; however, statute also requires the return to normal rate when such surplus assets no longer exist.

Police and Fireman's Retirement System (PFRS) - The Police and Fireman's Retirement System (PFRS) was established as of July 1, 1944 under the provisions of N.J.S.A. 43:16A to provide retirement, death, and disability benefits to its members. The PFRS is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time county and municipal police or firemen or officer employees with police powers appointed after June 30, 1944.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. Employers are required to contribute at an actuarially determined rate. The annual employer contribution includes funding for basic retirement allowances, cost-of-living adjustments and noncontributory death benefits. Members contribute at a uniform rate of 8.5% of base salary.

The Borough is billed annually for its normal contribution plus any accrued liability.

Pension Deferral Program

Public Law 2009, c.19 (S-21) was enacted on March 17, 2009 and allows the Division of Pensions and Benefits to provide non-state government pension system employers the option of paying the full amount, or an amount that reflects a 50 percent reduction of the normal and accrued liability component of the PERS and/or PFRS obligations for payments due in the State fiscal year ending June 30, 2009. The amount deferred will be repaid starting in April of 2012 over a 15 year period. The Borough of Wildwood Crest has elected to not to defer that portion of their PERS and PFRS obligations allowed by law.

For the Public Employees' Retirement System, the Borough's contributions, equal to the required contribution for each fiscal year, was as follows:

Fiscal Year	Normal Contribution	Life Insurance	Accrued Liability	Total Liability	Excess Pension Asset Credit	Paid by Borough
2010	\$ 97,211.00	\$ 30,802.00	\$ 124,904.00	\$ 252,917.00		\$ 252,917.00

NOTE 7: DEFINED CONTRIBUTION RETIREMENT PROGRAM

Plan Description

The Defined Contribution Retirement Program (DCRP) was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, and expanded under the provisions of Chapter 89, P.L. 2008. The DCRP provides eligible employees and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance coverage and disability coverage.

Vesting and Benefits Provisions

Newly elected or appointed officials that have an existing DCRP account, or are a member of another State-administered retirement system are immediately invested in the DCRP. For newly elected or appointed officials that do not qualify for immediate vesting in the DCRP, employee and employer contributions are held during the initial year of membership. Upon commencing the second year of DCRP membership, the member is fully invested. However, if a member is not eligible to continue in the DCRP for a second year of membership, the member may apply for a refund of the employee contributions from the DCRP, while the employer contributions will revert back to the employer.

Retirement benefits for members are determined according to the applicable Tier level:

Tier 1 Membership: The retirement age is 60 for a Service or Deferred Retirement. For an Early Retirement, a member must have at least 25 years of service credit; however, if a member is under the age of 55 at the time of retirement, the retirement allowance is reduced 3 percent per year (1/4 of 1 percent per month) for each year the member is under age 55.

Tier 2 Membership: The retirement age is 60 for a Service or Deferred Retirement. For an Early Retirement a member must have at least 25 years of service credit; however, if a member is under the age of 60 at the time of retirement, the retirement allowance is reduced 1 percent per year (1/12 of 1 percent per month) for each year the member is under age 60 but over age 55, and 3 percent per year (1/4 of 1 percent per month) for each year the member is under age 55.

Funding Policy

Members contribute at a uniform rate of 5.5% of their base salary. Employers are required to contribute at a set rate of 3.0% of base salary. There were no employees in the DCRP for the ended December 31, 2010.

NOTE 8: POST RETIREMENT BENEFITS

Plan Description

The Borough contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et. seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2001 the Borough authorized participation in the SHBP's post-retirement benefit program through resolution number 646-01.

All Borough retirees with at least 25 years of service or who retire upon or after the age of 62 with 15 or more years of service as regular full-time employees shall receive 100% of the cost of health insurance premiums until death. For eligible Police Department employees, upon death of the employee, the post-retirement benefit is provided to the surviving spouse until death.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at www.state.nj.us/treasury/pensions/gasb-43-sept2008.pdf.

The Borough utilizes the New Jersey State Health Benefits Plan for Health Insurance, however, they also provide post-retirement benefits for vision, dental, and life insurance that are not included as a part of the State Health Benefits Plan. These benefits are budgeted by the Borough annually on a "pay as you go basis" and included in group insurance.

In accordance with GASB 45 and the State of New Jersey, the Borough is required to obtain an actuarial valuation of the liability for providing these benefits. Since this is the first valuation, the actuary has decided to use the entry age normal funding method. The actuarial valuation report was based on 119 total participants including 28 retirees, 1 disabled and 1 beneficiary. The actuarial determined valuation of these benefits has been reviewed and will be reviewed bi-annually for the purpose of estimating the present value of future benefits for active and retired employees and their dependents as required by GASB 45.

NOTE 8: POST RETIREMENT BENEFITS (Continued)

Annual OPEB Cost and Net OPEB Obligation

The Borough's annual OPEB cost represents the accrued cost for post-employment benefits under GASB 45. The cumulative difference between the annual OPEB cost and the benefits paid during a year will result in a net OPEB obligation. The annual OPEB cost is equal to the annual required contribution (ARC) less adjustment if a net OPEB obligation exists. The ARC is equal to the normal cost and amortization of the Unfunded Actuarial Accrued Liability (UAAL) plus interest.

Actuarial Methods and Assumptions

Actuarial valuations of an ongoing plan involve estimates and assumptions about the probability of occurrences of events far into the future, including future employment, mortality and healthcare cost trends. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future.

In the January 1, 2009 Actuarial Valuation Report, the Entry Age normal cost method was used for all participants. The actuarial assumptions used to project future costs included a discount rate of 4.0%, annual vision care costs to increase 5% per year, Medicare Part B premiums are assumed to increase at 6.5% per year and no increases in dental claim costs or life insurance premiums. In addition, the unfunded actuarial accrued liability is being amortized over the maximum acceptable period of 30 years and is calculated assuming a level dollar amount.

Other Post-employment Benefit Costs and Obligations

The following reflects the components of the 2010 annual OPEB Costs, amounts paid, and changes to the net accrued OPEB obligation based on the January 1, 2009 actuarial valuation and actual OPEB payments made or accrued during 2010:

		December 31, 2010
Net OPEB Obligation - Beginning of Year	\$	415,030

12/31/2009	\$ 448,996	7.56%	\$ 415,030
12/31/2010	437,413	7.73%	824,658

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis.

Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Borough on a monthly basis.

The Borough contributions to SHBP for the years ended December 31, 2010, 2009, 2008, were \$456,743.91, \$429,839.46, \$401,910.91, respectively, which equaled the required contributions for each year. There were 31, 31, and 31 retired participants eligible at December 31, 2010, 2009, and 2008, respectively.

NOTE 9: DEPOSITS AND INVESTMENTS

Custodial Credit Risk Related to Deposits

Custodial credit risk is the risk that, in the event of a bank failure, the Borough's deposits might not be recovered. Although the Borough does not have a formal policy regarding custodial credit risk, N.J.S.A. 17:9-41 et seq. requires that governmental units shall deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act. Of the Borough's bank balance of \$11,248,128.05 as of December 31, 2010, \$33,778.33 was uninsured and uncollateralized.

Investments

N.J.S.A. 40A:5-15.1 provides specific guidance for the allowable investment of public funds. In order to maximize liquidity, while complying with statutory requirements, the Borough utilizes the New Jersey Cash Management Fund ("NJCMF") and MBIA's Cooperative Liquid Assets Securities System ("CLASS") for investing purposes.

NOTE 9: DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

The NJCMF is administered by New Jersey Department of Treasury. It invests pooled monies from various State and non-State agencies in primarily short-term investments. These investments include: U.S. Treasuries, short-term commercial paper, U.S. Agency Bonds, Corporate Bonds, and Certificates of Deposit. Agencies that participate in the NJCMF typically earn returns that mirror short-term investment rates. At December 31, 2010, the Borough's balance was \$7,077.99.

The CLASS is a local government investment pool managed by MBIA Municipal Investors Service Corporation which invests only in: (a) high grade short-term federal securities and variable rate obligations backed by federal agencies having monthly or quarterly assets based on indices like the prime rate, LIBOR, or a combination of the two; and (b) very short-term, usually overnight, repurchase agreements secured by high quality collateral which is valued daily and fully delivered to the program's custodial bank to be held for the benefit of the pool's participants. At December 31, 2010, the Borough's balance was \$773,030.42.

Credit Risk: The CLASS is rated "AAA" by Fitch. The NJCMF is not rated. The Borough does not have an investment policy regarding the management of credit risk.

Interest Rate Risk: The Borough does not have a policy to limit interest rate risk. As noted below, weighted average maturity was not available for the New Jersey Cash Management Fund or the MBIA Class investments.

NOTE 10: PROPERTY TAXES

Property valuations (assessments) are determined on true values as arrived at by a cost approach, market data approach and capitalization of net income where appropriate. Current assessments are the results of new assessments on a like basis with established comparable properties for newly assessed or purchased properties. This method assures equitable treatment to like property owners, but it often results in a divergence of the assessment ratio to true value.

NOTE 10: PROPERTY TAXES (Continued)

Upon the filing of certified adopted budgets by the municipality, the local and regional school districts, and the county, the tax rate is struck by the County Board of Taxation based on the certified amounts in each of the taxing districts for collection to fund budgets. The statutory provision for the assessment of property, levying of taxes and the collection thereof is set forth in N.J.S.A. 54:4 et seq. Special taxing districts are permitted in New Jersey for various special services rendered to the properties located within the special districts.

Tax bills are mailed annually in June. The taxes are due February 1 and May 1 respectively, and are adjusted to reflect the current fiscal year's total tax liability. The preliminary taxes, due August 1 and November 1 of the succeeding fiscal year, are based upon one-half of the current year's total tax.

Tax installments not paid on or before the due date are subject to interest penalties of 8% per annum on the first \$1,500 of the delinquency and 18% per annum on any amount in excess of \$1,500. Pursuant to P.L. 1991, c. 75, the governing body may also fix a penalty to be charged to a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the calendar year. The penalty so fixed shall not exceed 6% of the amount of the delinquency. The interest and penalties are the highest permitted under New Jersey Statutes. Delinquent taxes open for one year or more are annually included in the tax sale in accordance with New Jersey Statutes.

The New Jersey statutes provide a taxpayer with remedial procedures for appealing an assessment deemed excessive. Prior to February 1 of each year, the municipality must mail to each property owner a notice of the current assessment and taxes on the property. The taxpayer has a right to petition the County Tax Board, on or before April 1, for review. Due to errors or delinquencies in notices sent to property owners, the April 1 deadline to file an appeal petition may be extended. The County Board of Taxation has the authority, after a hearing, to decrease or reject the appeal petition. These adjustments are usually concluded within the current tax year, and reductions are shown as canceled or remitted taxes for that year. If the taxpayer feels the County Board of Taxation unsatisfactorily reviewed the petition, appeal may be made to the Tax Court of New Jersey for further hearing. Some Tax Court appeals may take several years prior to settlement, and any losses in tax collection from prior years are charged to a reserve set aside for this purpose or directly charged to Fund Balance.

The following is a three-year comparison of certain statistical information relative to property taxes and property tax collections for the current and previous two years.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS – STATUTORY BASIS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and
Members of the Board of Commissioners
Borough of Wildwood Crest
County of Cape May, New Jersey

We have audited the financial statements – statutory basis of the Borough of Wildwood Crest, State of New Jersey (the "Borough"), as of and for the year ended December 31, 2010, and have issued our report thereon dated June 30, 2011. Our report disclosed that, as described in Note 1 to the financial statements, the Borough prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), that demonstrates compliance with a modified accrual basis of accounting and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, and standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and audit requirements prescribed by the Division.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Borough's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies in internal control over financial reporting as item #10-01. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough of Wildwood Crest's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services which are described in the accompanying schedule of findings and questioned costs as items #10-01.

We noted certain other matters that we reported to the Borough's management in a separate letter dated June 30, 2011.

This report is intended solely for the information and use of management, the Borough Commissioners, others within the entity, and the Division as well as other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

BOROUGH OF WILDWOOD CREST

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S.A. 40A:11-4

N.J.S.A. 40A:11-4 states, "Every contract awarded by the contracting agent for the provision or performance of any goods or services, the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the governing body of the contracting unit to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law." Effective July 1, 2005, the bid threshold was increased to \$21,000, as of July 1, 2010, the bid threshold was increased to \$26,000.

The governing body of the Borough of Wildwood Crest has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in a violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

Our examination of expenditures did not reveal any payments in excess of the bid threshold for the provision or performance of any goods or services, other than those where bids had been previously sought by public advertisement, awarded under state or county cooperative purchasing agreements, or awarded in compliance with other provisions of the "Local Public Contracts Law," N.J.S.A. 40A:11.

The minutes indicate that bids were sought by public advertising for the following items:

- Construct Elevated Bandstand
- Reconstruct Rosemary Road Bayfront Bulkhead
- 2010 Ford F-150 4X4Crew Cab Pickup
- Sewer Jet/Catch Basin Cleaner
- Emergency Sewer Repairs
- Reconstruct Tennis & Basketball Courts
- Supply & Service Vending Machines
- 2010 Ford F-350 Pickup
- Combination Sewer Cleaner
- HVAC & Electrical Improvements at Von Savage Memorial Pool
- Improve Nesbitt Center, Gazebo and Bathroom
- Six-inch Pump with Critical Silenced Enclosure
- Construct of Stamped Concrete Bikeways and Sidewalks
- Reconstruct Heather Road
- Repair and Replacement of Sidewalks, Curbs and Gutters
- 30 KW Backup Generator
- Westside Drainage Improvements Phase I
- Roofing Improvements to Various Buildings
- Westside Drainage Improvements Phase 2
- One 2011 30 Yard Split Body Packer Truck

BOROUGH OF WILDWOOD CREST

GENERAL COMMENTS (CONTINUED)

Collection of Interest on Delinquent Taxes and Assessments

The statutes provide the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes:

NOW THEREFORE BE IT RESOLVED by the Board of Commissioners of the Borough of Wildwood Crest, as follows:

- 1) That the allegations of the preamble are incorporated herein as if set forth in full herein.
- 2) That in accordance with N.J.S.A. 54:4-67, no interest shall be charged upon any payment of real estate taxes or municipal charges made within the tenth calendar day following the date on which the same became payable. Thereafter, the rate of interest of 8% per annum shall be charged on the first \$1,500.00 of any delinquency in the payment of said real estate taxes or municipal charges and the rate of interest of 18% per annum shall be charged on any amount in excess of said \$1,500.00 delinquency. This interest shall be calculated from the date the real estate tax or municipal charge was payable until the date of actual payment. This provision will take effect July 1, 1995, at which time said rates will be applied to delinquencies as of that date retroactively to the original due dates. This provision will not apply to real estate taxes or municipal charges previously or subsequently paid in relation to a Tax Sale Certificate sold in a year prior to 1995.
- 3) That in accordance with N.J.S.A. 54:4-67, "Delinquency" shall be defined as the sum of all real estate taxes and municipal charges due on a given parcel of property covering any number of quarters or years. A penalty of 6% is hereby authorized to be charged to a taxpayer with a delinquency in excess of \$10,000.00 when said taxpayer fails to pay delinquency prior to the end of the calendar year. This penalty shall also pertain and accrue to be paid subsequently by a third party Tax Sale Certificate holder where the certificate holder has subsequently paid the current year's real estate taxes and/or municipal charges in excess of \$10,000.00.
- 4) That in accordance with N.J.S.A 54:5-61, the holder of a tax sale certificate shall be entitled to the following additional sums upon redemption of said certificate by the owner(s) or other person(s) having an interest in the property.
 - a) 2% when the real estate taxes, municipal charges, interest and costs exceed the sum of \$200.00 as paid for said certificate.
 - b) 4% when the real estate taxes, municipal charges, interest and costs exceed the sum of \$5,000.00 as paid for said certificate.
 - c) 6% when the real estate taxes, municipal charges, interest and costs exceed the sum of %10,000.00 as paid for said certificate.

It appears from an examination of the Collector's records that interest was charged in accordance with the foregoing resolution.

GENERAL COMMENTS (CONTINUED)

Delinquent Taxes and Tax Title Liens

The tax sale was held on October 13, 2010 and was complete.

The following comparison is made of the number of tax title liens receivable on December 31st of the last three years:

<u>Year</u>	<u>Number</u>
2010	None
2009	None
2008	None

It is essential to good management that all means provided by the statutes be utilized to liquidate tax title liens in order to get such properties back on a tax-paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent taxes and charges as well as current payments was made in accordance with the regulations of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payments of 2010 and 2011 Taxes	25
Delinquent Taxes	25
Payments of Sewer Rents	25
Delinquent Sewer Rents	25
Total	<u>100</u>

Deposit of Municipal Funds

N.J.S.A. 40A:5-15 states:

"All moneys, including moneys collected by taxation, received from any source by or on behalf of any local unit or any board or department thereof shall, within 48 hours after the receipt thereof, either

- a. be paid to the officer charged with the custody of the general funds of the local unit, who shall deposit all such funds within 48 hours after the receipt thereof to the credit of the local unit in its designated legal depository, or
- b. be deposited to the credit of the local unit in its designated legal depository."

Our examination revealed that municipal funds, in some instances, were not deposited within the mandated time.

FINDINGS AND RECOMMENDATIONS

FINDING 10-01

Not all revenue collected by the Memorial Pool was turned over to the Finance office. In addition, physical copies of some receipts issued to pool users could not be located.

Condition:

The Memorial Pool cash receipts ledger had cash collections recorded that did not get turned over to the Finance Office. Further testing found that there were copies of receipts issued to pool users that could not be located.

Criteria:

All moneys collected, should be turned over to the Chief Financial Officer or deposited within 48 hours of receipt.

Effect:

Internal controls over pool income were compromised. A special confidential report has been filed with the New Jersey Division of Local Government Services.

Questioned Costs:

The total funds recorded by the Memorial Pool and not turned over to the Finance Office is \$1,308.

Cause:

The required deposit of funds was not made.

Recommendation:

That all Memorial Pool income be turned over for deposit.

Should any questions arise as to our audit please do not hesitate to contact me.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTRNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

To the Honorable Mayor and
Members of the Board of Commissioners
Borough of Wildwood Crest
County of Cape May, New Jersey

Compliance

We have audited the Borough of Wildwood Crest's, State of New Jersey (the "Borough"), with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement and New Jersey OMB Circular 04-04* that are applicable to each of its major state programs for the year ended December 31, 2010. The Borough's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Borough's management. Our responsibility is to express an opinion on the Borough's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations and New Jersey OMB 04-04* and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Those standards, OMB A-133 and OMB 04-04 and State of New Jersey prescribed audit requirements require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining on a test basis, evidence about the Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Borough's compliance with those requirements.

In our opinion, the Borough complied in all material respects with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended December 31, 2010.

Internal Control Over Compliance

The management of the Borough is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered the Borough's internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB's Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control over compliance.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of management, the Borough Commissioners, others within the entity, the Division as well as other state awarding agencies and pass-through entities and is not intended and should not be used by anyone other than these specified parties.

BOROUGH OF WILDWOOD CREST
NOTES TO SCHEDULE OF EXPENDITURES OF STATE FINANCIAL ASSISTANCE
YEAR ENDED DECEMBER 31, 2010

Note 1: General

The accompanying schedule of financial assistance present the activity of all state financial assistance programs of the Borough of Wildwood Crest. The Borough is defined in Note 1 to the Borough's financial statements – statutory basis.

Note 2: Basis of Accounting

The accompanying schedule of financial assistance are presented using the modified accrual basis of accounting in accordance with the "Requirements of Audit" as promulgated by the State of New Jersey, Department of Community Affairs, Division of Local Government Services. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough accounts for its financial transactions through separate funds, which differ from the funds required by accounting principles generally accepted in the United States of America (GAAP).

Note 3: Relationship to Financial Statements

Amounts reported in the accompanying schedules agree with amounts reported in the Borough's financial statements – statutory basis. The financial statements – statutory basis present the Grant Fund on a budgetary basis. The Grant Fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not.

	<u>Federal</u>	<u>State</u>	<u>Local</u>	<u>Total</u>
Current Fund	\$ 244,496.58	\$ 5,794.50	\$ 35,753.07	\$ 5,794.50
