

## **PRESS RELEASE**

The Board of Commissioners of the Borough Wildwood Crest have voted unanimously to consolidate all voting districts to one location- Crest Pier located at 5800 Ocean Avenue in Wildwood Crest. After extensive research and under the guidance of New Jersey's election laws (N.J.S.A. 19:8-2) they have agreed that it is in the best interest of the Borough to move all future elections to this suitable location effective on the next election date on Tuesday, June 6, 2017.

All registered voters in voting districts 1 through 5 in the Borough of Wildwood Crest are encouraged to review their sample ballot in advance of voting at the designated polling place, which is now officially Crest Pier.

For the public's convenience, signage will be posted directing all voters to use the two (2) ADA-compliant, outside entrance doors to the north-west side of Crest Pier to gain entrance to the polls. Ample parking exists along the street and a parking lot exists on the east side of the building. Handicapped voters are encouraged to use the entrance ramp on the north side of Crest Pier. Designated handicapped parking will be provided.
