Modified Inspection

CERTIFICATION OF SMOKE ALARM, CARBON MONOXIDE ALARM & PORTABLE FIRE EXTINGUISHER COMPLIANCE (For Resale Properties) and Fire Inspections

Fire inspections will commence Monday May 11,2020. Fire inspections will have some modifications to reflect the safety of the residents, occupants, and fire inspector. Here is a list of the modifications.

1. Please contact our office to schedule the fire inspection at 609-729-5152 or via email at fireprevention@wildwoodcrest.org
2. The Fire inspector will wear mask while performing the inspection and maintain social distancing of 6'at all times.
3. The designee will wear a mask if they request to shadow the fire inspector and will maintain social distancing of 6'at all times
4. If the unit being inspected has occupants, we request the occupants step outside the unit while the inspection is being performed.
5. If the occupants have any of the symptoms associated with the COVID-19 or may be sick that unit will **not** be inspected. It will be the responsibility of the owner to make arrangements with the occupants to re-schedule inspection.
6. **Condo:** If the owner or designee cannot be present for inspection, our office requires the owner to email a letter a giving written permission for the Fire Prevention Bureau to utilize keys from the Knox-Box to access their unit. **This is a one time use during this pandemic. This will not be accepted for future inspections.**
7. If the fire inspection Results in a violation, please make every effort to repair (abate) as quickly as possible. Due to the current COVID-19 restriction, this could slow the process, please submit all Request for Time Extension in writing.

Questions please contact this office.
