- (2) Towing services must be provided on a twenty-four-hour, seven-days-per-week basis. Towing contractors will be contacted by radio or mobile phone. A towing contractor must respond to the scene of the tow within twenty (20) minutes of the call or the next towing contractor on the list will be called and the tow will be forfeited. If a towing contractor does not answer the telephone when called, its turn will also be forfeited, and the next towing contractor will be called until one is reached and responds.

- (1) To reduce response time for the safety and welfare of the public and Police Department, maintain a storage facility within nine (9) miles of the Borough, which storage facility shall be of sufficient size to accommodate the Borough's needs and subject to any and all provisions contained in this chapter and ordinances of the Borough and further subject to the satisfaction of the Chief of Police or his or her designee.
- (2) Towing contractors shall deposit and store towed vehicles only at a storage facility located within nine (9) miles of the Borough, unless the owner or operator of the vehicle requests otherwise.
- (3) All storage facilities shall have appropriate security for the protection of the towed vehicles.
- (4) In the event that a vehicle is to be secured by the Police Department or other agency as part of any investigation, it shall be towed to such facility as determined by the Police Department.
- (5) No vehicle towed to a contractor's storage area shall be released by contractor unless and until contractor receives the appropriate written release notification from the Police Department.
- (6) The contractor assumes responsibility for the personal property in the vehicle from the time the vehicle is towed from the scene until the time it is released from the contractor's storage facility.

The towing contractor may deny access to a vehicle to prevent removal of fixed objects, including but not limited to; car stereos; speakers; and seats. License plates shall not be removed from vehicle unless the owner gives consent to the towing contractor to dispose of the vehicle and executes all documents to effectuate such disposal.
- (9) No towing contractor shall request or demand any person to sign any document requiring the owner or operator of a vehicle involved in a motor vehicle accident to have the vehicle repaired at any specific location or body shop.

C. The Chief of Police shall promulgate, adopt and enforce such other reasonable rules and regulations for towing contractors and storage facilities deemed appropriate, which shall be subject to the review and approval of the Borough Commission.

The towing contractor shall have the opportunity to respond, in writing, within five business days. Within 14 days of receipt of the towing contractor's response, or within 21 days of receipt of the complaint if no response is received, the Chief of Police shall investigate the matter and render a determination if any of the provisions of this chapter have been violated.
