

CCRHVA PUBLIC MEETING & ONLINE SURVEY

Tell us about climate impacts
in our community!

Your local knowledge is needed for
a Climate Change-Related Hazard
Vulnerability Assessment

Join Wildwood Crest residents and stakeholders to give your input for a climate hazard assessment being developed for our municipality.

Two ways to participate!

Public Meeting

Date: May 6, 2026

Time: 5:00pm

Location: Municipal Building - 6101 Pacific Ave, Wildwood Crest, NJ 08260

As a thanks for your time, you will receive a \$25 Visa e-gift card after the event.

Online Community Questionnaire

QR Code -

As a thanks for your time, you will be entered to win one of ten \$25 Visa e-gift cards.

The New Jersey Climate Change Resource Center at Rutgers University is helping Wildwood Crest develop a Climate Change-Related Hazard Vulnerability Assessment (CCRHVA). A CCRHVA is a required part of our “master plan,” which guides land development. The CCRHVA’s purpose is to help our municipality identify potential land use and zoning strategies to increase resilience to climate-related hazards such as flooding and heat.

Your local knowledge and experience are needed for the CCRHVA.

Please contact Pritpal Bamhrah, Rutgers project manager, at pritpal.bamhrah@ejb.rutgers.edu with any questions.
