Crest to unveil promotional video at Feb. 20 commissioners' meeting

The Borough of Wildwood Crest is set to unveil a locally produced drone video promoting Wildwood Crest as a family- and tourism-friendly community at the next meeting of its Board of Commissioners on Wednesday, Feb. 20, at 5:30 p.m. at Wildwood Crest Borough Hall.

The video, produced by award-winning production company Drone One Aerial Technology, is approximately two minutes in length and features scenes from the beach and bay, as well as many of the popular parks, landmarks and other recreational areas throughout the borough. The video will eventually be placed on the front page of the borough's website at www.wildwoodcrest.org and will also be used for promotional purposes on social media and other tourism-related advertisements.

"They say a picture is worth 1,000 words. But I think video makes us speechless. When you see this video, you will want to live or vacation here," said Wildwood Crest mayor Don Cabrera.

The public is encouraged to attend the meeting.

For further information, contact the borough clerk's office at 609-729-8040.
