CORRESPONDENCE: n/a

PUBLIC COMMENTS:
Steve Paglione had questions regarding New Jersey Avenue and the Mayor asked for him to hold until the New Jersey Avenue presentation so all questions could be addressed.

Ed Ruth indicated he is a 29 year homeowner and asked if the borough would consider making the boroughwide yard sale all weekend moving forward and the Mayor agreed to it and that PW will come by on the following Monday to pickup.

DISCUSSION:

NEW BUSINESS:
Street Paving- the borough is under a major construction and some is related to our projects and some for utilities. We would like to take a deeper dive into the current ordinance for street openings for when utility companies open the streets and only partially pave and make it look terrible…the borough would like a more consistent look to the roads as it ruins curb appeal and he tasked the Engineer to look into it.

OLD BUSINESS:
-Historical museum - 2025 – On hold.
-**Back Beach Excavation**: We are now in season and it worked.
-Dredging: We just authorized a professional services contract for a coastal engineer with Resolution #10.
-**Washington / Seaview – beach outfalls and capacity**: We received preliminary word on funding and getting close on an announcement.
-US ACE / NJ DEP Dune: There is another meeting forthcoming in the next few weeks
-**Borough Hall Renovations-** Funding is not available this year…will look in 2027.
-Digitize Paper Files: We will hold off until fall.

PUBLIC COMMENTS:

Dave McWilliams referenced an article in the Herald regarding Wildwood with the USACE and the dune and asked where Wildwood Crest currently stands. The mayor added that we have another virtual meeting being set up in the next few weeks. To recap, this includes only Borrow Area A (if needed) and the borough requested as little disturbance to all access points since they are all ADA accessible and traversable. Looking to explore creative funding to help with funding fishing pier and looking at having help expose the outfall lines. Also, Mr. McWilliams asked about the new valves and he heard they were not working and the Engineer and Mayor both called that untrue.

Joe Ventri inquired about the markups on the road for gas lines. He was told that SJ Gas will not be opening up roads in summer and work will resume after summer. He then inquired about striping near Stockton Road and Atlantic Avenues and the governing body confirmed that there will be line striping.

COMMISSIONER COMMENTS: N/A

Hearing nothing from the public, Mrs. Fuscellaro motioned and Mr. Franco seconded that the meeting be adjourned. All were in favor. The time of the meeting was 9:54 a.m.
